## Catalyst Bin Rental Service

MOXBA owns more than 2,000 custom-build catalyst bins, which are appropriate for safe transportation and easy handling of spent catalyst. Please contact us for any requests or questions.

### Description

- Metal container for solids
- UN-certified
- Packing code 11A
- Packing group II and III
- Apt for pyrophoric (self-heating) materials
- Capacity is 2m<sup>3</sup> = 2,000 liters

### Handling

- Safe in use
- No pallets needed
- Efficient storage: stackable both empty and full
- Able to be lifted with normal forklifts or 4 hooks
- 1 bin = 11 drums
- Up to 10 full bins in one 20 ft container
- Up to 22 bins per truck
- Cleaning, maintenance, periodic testing, and certification are done by MOXBA

### Economic Benefits

- Time and cost efficiency during turnaround
- Rental is cost-efficient compared to buy the equivalent volume of UN-certified 200 liters drums
- Efficient loading and transport on trucks and in 20 or 40 ft containers
